WELCOME TO CCIS

If we haven’t met you yet, we can’t wait. | If we have met you, we can’t wait to see you again.

In keeping with all the reopening guidelines from the Government of Alberta, and Alberta Health Services, we will be working hard to protect you, your family, and our staff, from an outbreak of COVID-19. We have enhanced our cleaning procedures & introduced new protections throughout our offices.

When we open our doors, by appointment only, it is extremely important that everyone willingly follow all the procedures which allow us to return to work.

1. Services will be provided by appointment only. Please do not arrive unannounced. You will be asked to return home and call to make an appointment.
2. One (1) person only per appointment. For safety reasons, please do not bring friends, other family members and children.
3. You will be asked to wear a mask. We encourage you to bring your own. Wearing a mask is a requirement of service.
4. Please arrive on time as appointments will be staggered to allow for physical distancing.
5. You will be asked to complete a health checklist to ensure it is safe to proceed with the meeting.
6. If you are travelling using public transportation or taxi, please wear a mask.
7. Always use good hand-washing techniques and wash your hands often. Do not touch your nose or face.

Thank you! Your cooperation is critical to our successful relaunch plan.
